However, Margaret is having a lot of worrying manage her employees because employees are only available to work at certain times. Can you help design a program that works for everyone? The shop is open from 9:00 to 9:00. At least one person has to work at all times. The shop's busiest hours are Friday through Sunday between 2:00 and 9:00 p.m. Each employee's shift (the time spent at work on a given day) typically lasts four hours. Employees are all high school or college students and cannot work more than 15 hours a week. There are ten employees: Agnes, Arthur, Cassandra, Edward, Hannah, Luther, Marcus, Megan, Olivia and Tyrone. Click here to print this worksheet. Use these brain teasers for middle school students on worksheets, at the beginning of class before class, or after lunch when fatigue tends to settle down. These are fun puzzles, and are likely to make your students at least break a smile! We also have puzzles and complex questions for children of other ages, so please make sure to take a look at the other areas of our site. Near the bottom of the page is a section to add puzzles for students that you want to share with other teachers and educators. Also, please feel free to add these to any list or lesson plan. Kindly attribute this site where applicable. Thank you and good luck with these makeup questions for the students at the center. Did you answer this riddle correctly?
