

I'm not a robot!

Procedure Download the VMware vCenter Converter Standalone IP address. After installation, open the VMware vCenter Converter Standalone and click Convert machine at the top left of the screen. The Conversion screen appears. In the Source System section of the Conversion screen, configure the following: Select source type: Select VMware Infrastructure virtual machine. Server: Type the VMware server IP address. User name: Password: Type the credentials that provide administrator access to the VMware server. Click Next. The Source Machine section appears. In the Source Machine section, select the virtual machine that you want to convert and click Next. The Destination System section appears. In the Destination System section, configure the following options and then click Next. Select destination type: Choose VMware Workstation or other VMware virtual machine. Select VMware product: Choose VMware Workstation 6.5.x. Name: Location: Accept the default Virtual Machine name and location or click Browse to select a different file. The Options section appears. In the Options section, verify the image descriptor for additional settings and then click Next. The Summary section appears. Verify the image information, and then click Finish. VMware vCenter Converter Standalone starts to convert the Virtual Machine Disk (*.vmdk). Olá, pessoal! Você consegue o VMware vCenter Converter Standalone? Se não consegue, descreva como conseguir e utilize-o! Principalmente para ambientes de ESXi Free ou ambiente que o ESXi está sendo gerenciado por um vCenter. O Converter (fazendo que o chamei durante o artigo) é capaz de converter máquinas físicas para máquinas virtuais (P2V), máquinas de VMware Workstation para máquinas do ESXi e até máquinas de um ambiente Hyper-V para o ESXi. As possibilidades de uso do Converter são muitas. Vou neste artigo falar de um ambiente específico: utilizar o software para converter máquinas de um ambiente stand-alone do ESXi para o ambiente fechado de trabalho de vCenter. Porque este tipo de ambiente é o mais comum.
