All acronyms (197)Aeroporti & Località (4)Business & Finance (8)Common (3)Government & Military (27)Medicine & Science (16)Chat & Sub Cultures (10)Educational school (16)Technology, IT etc (23) What does OTP mean? On this day and age, the Internet evolves incredibly fast. From using GIF for the introduction of new vocabulary, it can be difficult to keep pace. While some are easy to understand, others can be a little darker. If you feel a little lost, you are not alone. Some may appear in different areas of internet, working their way into mainstream culture. Does OTP mean what OTP Mean means? The OTP acronym is a great example of a term that occurs in a certain sphere of internet. OTP is an acronym for "a real match". Where does OTP come from? OTP comes from groups of Internet fans who couple two characters together who would like to be in a relationship or support two characters who are already in a relationship. This can be characters in a movie, franchising, or book or even real people. These characters or people must not be of the same franchise. Fans often mate favorite characters along with different shows and films (for example, Jack Frost from Rise of the Guardians and Elsa from Frozen). When fans bring together characters like this, he is known as "shipping". When it comes to shipping, fans often have a coupling that they prefer especially others. This would be their OTP. While wording means that there can be only a real match, fans can have different OTPS and often do it. Overall, it only means the intensity of how much they enjoy the relationship. Internet fans of some combinations still use the term OTP, although the term was prevalent in the early years 2010. Fans often tag their creative content with OTP or comment on this on others' work. It is oftenfind the hashtag OTP on Twitter with favorite combinations in TV shows. In addition to the internet fan sphere, the term can be used upInstagram or Facebook post. If someone would post their photo and their significant other, one of their friends can comment on "OTP," showing their support of the couple on the post. Other meaning of OTP There are many additional games on the term OTP. If you love the friendship of a couple, but do not like them together romantically, you could refer to them as a BroTP. If you sent 3 people to a couple or a threesome of friendship, you would refer to this as OT3. There are many variations on the term, but everyone means a favorite pair of some sorts. Examples of OTP If you want to use the term online, there are some different contexts in which you could do. For example: Mandy: I love Peeta and Katniss together. They're my favorites! Jill: I'm my OTP! Another example of OTP: Mandy: Did you see my brother's post on his girlfriend? They're so cute. Jill: They've been together forever! I hope they get married. OTP, am I right? When it comes to the term OTP, there is not necessarily a synonymous term. The closest that would come to be "shipping," even if there is no eliteness or favoritism that OTP brings to the table. All in all, OTP is a great way to express your favoritism on a relationship and it is easy to throw in conversations. Come on, try it! OTP Meaning | Image OTP stands for "One True Pairing" and is often seen to be used on social networking sites, especially on Tumblr. Internet users who often use OTP, use the acronym usually in extreme appreciation of their favorite stars on television or movies. And not only for celebrities, people also use this acronym to show their love for two people they hire, or would like to see together as a couple, like a couple on the screen or even as a couple in general. You might also have seen other similar internet hirings that are commonly used on all social sitesas btw (by the way) wth (what the hell.) lily (I love you) and thefor these acronyms is never ending. Young adults, and especially teenagers love to use these acronyms in their daily life, while text messaging, or when they are talking to others on social networking sites such as Facebook, Twitter or even Tumblr. For example, people who have seen the Twilight Saga can relate to the impressive coupling of Edward and Bella. So, for this reason, a fan would happily use the OTP acronym, saying, Edward and Bella were OTP. I hope I can see more soon. As the acronym OTP should be used on the InternetPeople who are fond of the Internet, and love to create a statement, use OTP when they want to share their view on a couple of celebrities, or even seniors school or juniors. They could also match characters of a novel in creativity and according to their desire. There is no rule that never so for this acronym. It can be used for anyone. Trends show that most people using OTP are celebrity fans. And that's why this acronym became an acronym 'fan' as people use it to show their affection towards an existing pairing of two celebrities or a fan-made mating, as we usually see people joining bits of two different movies to show how the two celebrities will look together if they throw into the same movie or TV show. Close the OTP Alternate on Tumblr If you are a great follower Tumblr, you might have met another word that is often used as a narrow alternative to the OTP internet jargon, i.e., 'ship' or 'ship'. The ship or the expedition is used in the form of verb, to explain the relationship between two characters of a film or a series. Examples of OTPExample 1H: Did you see the Notebook? Z: Of course I do! Who didn't? What do you say? H: I saw him yesterday after a long time. The cables are totally OTP. Do you know any more movies that feed them? Z: Notidea, but yes, the Notebook is a sad piece of art. Example 2You just started watching The Vampire Diaries series andOver Stefan and Elena. This is what you have to say on the internet: 'Stefen and Elena taking3 OTP! I can't believe I haven't seen this show all these years. I really missed something important.' Example 3Juniors talking about their elderly: J1: I think Jay and Ian would be OTP, don't you think? J2: I think so, but no matter what we want-p It is true. Examples for the term Ship & ShippingExample 1Friend 1: OMG! Did you see that new Amazon Prime show? I'm sending the boss! I am so tied to the show and the slopes are so adorable together! OTP for sure. In this example, you can notice the use of OTP and shipping in the same statement. While you can't literally use the shipment as a perfect alternative to OTP, but even if you don't use the acronym at the end of the sentence, readers can still understand the meaning when they say you are shipping for leads. Example 2S: I'm totally sending you! T: Us? Why? S: You two are perfect together. You both always find a way to make things work. Do's and Don'ts of Internet Jargons Do not use internet gergons when in a formal environment. OTP acronym, or in this case, any internet jargon should not be used in creating an office or university when conversation is between professors or employers. It gives a very unprofessional and negative impact in which the recipient end could see you as a very unprofessional candidate. Random settings such as dating friends and family or even colleagues are the type of settings or people with whom you can use such acronyms without worrying about the consequences. These again are the people you can talk about on the internet using acronyms randomly. GTS is most commonly used with the meaning "Go to sleep". In this context, it is typically used to end a conversation that takes place late at night. It means: I'mstop talking now." However, gts usually refers to the "go to sleep" movement in professional, professional wrestling,from some fighters to "finish-off" their opponent. the gts finishing move was made famous in wwe by cm punk.
